## ABOUT CLUB

STARTED ON 17TH OF OCTOBER, 2023

The chess club of our college officially began its journey on 17th October, marking the first time it stepped out of the shadows of being just an unnoticed online group. Before that, the club barely existed in the minds of students, with no offline meets or recognition. In September, a few passionate students from 4th and 2nd year realized the missing spark of chess on campus, especially when every other sport had its club. They approached the sports head with a clear vision and prepared all the formalities, gathering like-minded individuals who shared their love for the game. Their dedication earned the chess club a rightful place in the university's sports community.

The club's founding members, Ayush Boss, Aditya Boss, Vaibhav Boss, Abhishek Boss, Prakash Boss, and Kriti Boss, laid the foundation for what is now ours to take forward. It's up to us, the juniors, to carry this legacy and elevate the club to greater heights.
